Because everyone is pressed for time, the need to look up the summary of this book or that one is sometimes a priority. MORE FROM QUESTIONSANSWERED.NET © 1996-2014. Amazon.com, Inc. Some of these channels follow a specific niche topic while others are about books in general. Research or Special Interest Book Summary Websites For those who need a summary of a book that covers a research or special interest topic, there are dozens of book summary websites focusing specifically on this. These "YouTubers" select a book, present information about it, provide insights, highlight reviews about it, and summarize its plot. It's especially important for first graders because they're still learning language, and reading helps them understand the sounds and patterns words make. The site even has a section on math. Oxford Owl Created by Oxford University Press, Oxford Owl offers a free site for parents and children to use at home, as well as a membership version for teachers and schools. Individual, school and classroom accounts are all available. Choose from more than 4,000 titles in approximately 60 languages. With a strong emphasis on the principles and standards of human rights and social justice, the 7th edition examines the spectrum of bioethical issues in health care with a focus on patients' rights, cross-cultural ethics, vulnerability ethics, mental health ethics, professional conduct, patient safety and end-of-life ethics. 1. Professional standards and the requirement to be ethical 2. Ethics, bioethics and nursing ethics: some working definitions 3. Moral theory and the ethical practice of nursing 4. Cross cultural ethics and the ethical practice of nursing 5. Moral problems and moral decision-making in nursing and health care contexts 6. Ethics, dehumanisation and vulnerable populations 7. Patients' rights to and in health care 8. Ethical issues in mental health care 9. Ethical issues in end-of-life care 10. The moral politics of abortion and euthanasia 11. Professional judgment, moral quandaries and taking 'appropriate action' 12. Professional obligations to report harmful behaviours: risks to patient safety, child abuse and elder abuse 13. Nursing ethics futures - challenges in the 21st century No. of pages: 483 Language: English Copyright: © Elsevier 2019 Published: April 11, 2019 Imprint: Elsevier Paperback ISBN: 9780729543224 Independent Scholar: Formerly Professor of Nursing, School of Nursing and Midwifery, Faculty of Health, Deakin University, Victoria, Australia; Currently Adjunct Member, Alfred Deakin Institute for Citizenship and Globalisation, Deakin University, Melbourne, Australia Write a review There are currently no reviews for "Bioethics" Genre/Form: Electronic books Additional Physical Format: Print version: Johnstone, Megan-Jane. Bioethics. Sydney, N.S.W. ; New York : Churchill Livingstone/Elsevier, ©2009 (OCoLC) 262719187 Material Type: Document, Internet resource Document Type: Internet Resource, Computer File All Authors / Contributors: Megan-Jane Johnstone Find more information about: Megan-Jane Johnstone ISBN: 9780729578738 0729578739 OCLC Number: 769188886 Description: 1 online resource (xv, 472 pages) : illustrations Contents: Professional standards and the requirement to be ethical -- Ethics, bioethics and nursing ethics: some working definitions -- Moral theory and the ethical practice of nursing -- cross-cultural ethics and the ethical practice of nursing -- Moral problems and moral decision-making in nursing and health contexts -- Patients' right to and in health care -- Human rights and the mentally ill -- Ethical issues associated with the reporting of child abuse -- Abortion ethics and the nursing profession -- Euthanasia, assisted suicide and the nursing profession -- Ethical issues in suicide and parasuicide -- End-of-life decision-making and the nursing profession -- Taking a stand: conscientious objection, whistleblowing and reporting nursing errors -- Nursing ethics future, moral activism and meeting the challenge to be involved -- Indigenous perspectives. Therefore, a wide variety of sites are available containing them. Each title gives a suggested grade level range. The 5th edition of Bioethics provides nursing students with the necessary knowledge and understanding of the ethical issues affecting nursing practice. Photo Courtesy: Klaus Vedfelt/Getty Images You can also browse by series or Oxford Reading Level. If you want to stick to the dozens of free books available, click on the one you like, and it will appear in a pop-up window. Photo Courtesy: Westend61/Getty Images The site is filled with some of the most popular kids' books, and rather than read them yourself, you can watch a video of a celebrity like Kevin Costner, Eva Longoria or Betty White read them to you. Beyond books, the Oxford Owl site offers a blog with advice for parents and kids on topics like summer reading and what to expect when school starts. You can also sort their books by collection or series. If that's not enough, some of these book apps and subscription services also offer links to videos, reports and TED talks for the books, as well. Some may require a membership signup, but for most of them, you can go straight to the link and start reading. Willbooks Willbooks offers free digital books for kids ages pre-K through third grade and reading levels A through M. Reading them is as easy as visiting one of these websites. You can narrow the selections down by age, length of book, topic and other categories. As with previous editions, this highly respected text provides a comprehensive framework to assist students and registered nurses to understand the ethical challenges, obligations and responsibilities they will encounter in daily practice. Greater depth on ethical issues, particularly those concerned with ethical conduct, unprofessional conduct and professional misconduct and 'morality politics' Case scenarios and critical questions to encourage students and registered nurses to reflect on key issues that relate to their own practice NEW chapters: - Ethics, dehumanisation and vulnerable populations - Professional obligations to report harmful behaviours with a focus on impaired practitioners, child abuse and elder abuse Introduces a new concept: 'cultural humility' Content on 'needs versus wants', 'the right not to be informed', palliative sedation, preventing ethical conflicts, the relationship between professional judgment and moral decision-making in nursing and health care contexts, and future ethical difficulties concerned with climate change, peak oil, pandemic influenza, antimicrobial resistance and health inequalities All chapters and references have been updated to reflect contemporary nursing practice, locally and globally Photo Courtesy: MoMo Productions/Getty Images Reading is important for kids of all ages, whether they're reading on their own or hearing stories from teachers, parents and the other adults in their lives. The home version offers a free eBook library for kids ages 3 to 11, including both fiction and nonfiction. MORE FROM QUESTIONSANSWERED.NET Groundbreaking in its first edition, Bioethics continues its role as a vital component of nursing education and provides a framework for students to understand the obligations, responsibilities and ethical challenges they will be presented with throughout their careers. Look for titles like Judy Moody, Diary of a Wimpy Kid, Smashie McPetter, Amelia, Stink and more. Photo Courtesy: Povilas Baltinas / EyeEm/Getty Images However, if you're reading with your child, you may find that you want to work your way through all of the books, even the ones for older kids. Follow these guidelines to learn where to find book summaries online. Websites and Blogs Many websites and blogs offer summaries of chapters in books for free to their readers. These book summary sites contain information about the author, release date, characters, plot, and then move on to the summaries, like a short summary of Othello, for example. There are math games and phonics guides, and you'll find a selection of activities to do at home, sorted by age and grade level. Storyline Online One of the most well-known sites where you'll find free online books for kids is Storyline Online. Responsibility: Megan-Jane Johnstone. It's won several awards, including an Emmy, and it's been endorsed by the American Library Association. Bioethics: A Nursing Perspective, 6th Edition continues to set the standard for bioethical issues in nursing practice. This latest edition responds to new and emerging developments in the field and marks a significant turning point in nursing ethics in that it serves not only to inform but also to revitalise and progress debate on the issues presented. Some of the bloggers and website owners also provide video and audio summaries, as well. Subscription Services and Book Apps It's possible to find chapter summaries of books available through subscription services, as well as book apps. The purpose of these websites and blogs is to present an informal setting for people to enjoy books without feeling the pressure of making a purchase. Photo Courtesy: Masko/Getty Images You can even search for books that are from each continent. Once it does, you can start reading FunBrain At FunBrain, you'll find a selection of books for elementary and middle grades, including some of the popular books and series that kids love the most. It also has informative videos on topics like getting along with siblings or dealing with bullies. If that's not enough, some of these book apps and subscription services also provide links to videos, reports and TED talks for the books, as well. YouTube Channels Offering Book Summaries If you would rather not read a summary of books, there are many YouTube channels offering book summaries online. Some of these services provide audio, PDF, and infographics of the books. Each book has its own activity guide, and you can buy the books from the site if you'd like to own a physical copy. International Children's Digital Library The International Children's Digital Library has one of the biggest selections of kids' books online. You can shop for books in stores, check them out from libraries and even buy them online, but you can also find free or inexpensive digital books for kids online. If you sign up for a free account, you can create a virtual bookshelf with your child's favorites so that you can find them easily when you want. Written by Australia's foremost nursing ethics scholar, Bioethics: A Nursing Perspective comprehensively addresses the ethical challenges, obligations and responsibilities nurses will encounter in practice. Photo Courtesy: Catherine Falls Commercial/Getty Images Many of the books are free to read online. While you may not find a short summary of Hamlet, you will see religious book summaries, book summaries for health-related topics, or topics for business-related books. Students Searching for Book Summaries Students are constantly on the lookout for book summaries for research purposes, as well as for books they need to read for classes. Some present notes, reflections, and reviews that their readers can comment on, discuss, or reflect on, or its affiliates An essential resource for both undergraduate and postgraduate students and registered nurses to develop new insights and moral wisdom around ethical issues they will face in clinical practice. However, for a monthly fee or annual subscription, you can receive physical books in the mail and access educational printables. For example, there are books that are Common Core-approved, Spanish language books, joke books, alphabet books and more. The FunBrain site also has games for kids of ages and videos like Kidz Bop, Teen Titans Go! and Highlights Kids. For example, they may need a summary of Roberts rules or a simple summary of Macbeth to help them write a research paper, and a book summary website will help them achieve that goal.

An ebook (short for electronic book), also known as an e-book or eBook, is a book publication made available in digital form, consisting of text, images, or both, readable on the flat-panel display of computers or other electronic devices. Although sometimes defined as "an electronic version of a printed book", some e-books exist without a printed equivalent. Download it! Hi there! Work's Done. Calculate your order. Type of paper.
